

Pentagon Council of Nursing Professional Development Educators

An Affiliate of the Association for Nursing Professional Development
2017-2018 Fiscal Year Membership Incentives

One of our organization's objectives is to encourage and assist our members in the continuous development, improvement, and practice of education in healthcare settings. Toward that end, we want to increase attendance at our local affiliate meetings as well as at the ANPD annual national convention.

Therefore, the following incentives will be offered during the 2017-2018 Pentagon Council fiscal year which runs from September 1, 2017 through August 31, 2018 (*as funding allows):

- We will award three people ½ registration fee (general early bird registration only, not workshop) for the 2018 ANPD National Convention or PNEG Convention.*

Members qualify to be in the drawing for the incentives by earning points. **You cannot earn any points until your Pentagon Council dues are paid.** Points can be earned as follows:

1. Members earn two points by having a current ANPD membership.
2. Members earn one point for each Pentagon Council meeting attended during the fiscal year.
3. Members earn one point for serving as a Pentagon Council Officer.
4. Members earn one point for presenting a program at one of our Pentagon Council meetings.
5. Members earn one point for each new dues-paying member you recruit to join our organization.

Each point you earn will give you one chance in the drawing. Only those members who have accumulated six or more points will be entered in the drawing for reimbursement of ANPD or PNEG Convention registration fees.

The incentives will be awarded by a random drawing at the end of the fiscal year. Proof of attendance must be submitted to receive reimbursement.
